A white woman, arrested by Officer Young charged with being drunk in the street, was dismissed.

Deaths and Funerals.

Irene, the infant daughter of E. C. and Rebecca Reeves, died at her parents' home, 1210 Prince street, this morning.

Audrey, infant daughter of Heyman and Lola Morris, died at the residence of her parents, 322 south Patrick street, yesterday.

The funeral of Mrs. Dolly J. Sisson, wife of Mr. John Sisson, took place from the residence, 713 south Fairfax street, yesterday afternoon. The services were conducted by Rev. Dr. Brooke, of the Second Presbyterian Church.

Refused Warrant.

United States Commissioner Bowden in Norfolk on Saturday refused to issue a warrant for the arrest of Theodore Woerland, steward of the Norfolk and Washington steamer Norfolk, on a charge of assault upon the high seas.

W. H. Burrell, colored, who had been employed as a waiter on the steamer, was the complainant. Burrell, who had been discharged by Woerland just after the steamer left Washington Friday night, raised a row when the boat reached this city. Woerland, it is alleged, was attacked by Burrell. Commissioner Bowden referred Burrell to the Alexandria authorities, holding that he had no jurisdiction.

Found by a Watchman.

Yesterday morning about 6 o'clock Mr. Thomas A. Lyles, watchman of the Alexandria National Bank, was passing a well known dry goods establishment when he discovered a package hidden in one of the doorways, and upon examination found that it contained about a dozen pairs of men's woolen socks. Mr. Lyles thinking there might have been a robbery, tried the doors of the store, but found them fastened. The socks were carried to the Station House and the police notified. Later the goods were identified as belonging to the proprietor on whose premises they were found.

Drew from the Wrong Barrel.

A thirsty individual entered a north Fairfax street store this morning and asked for whisky. The attendant, by a mistake, proceeded to a coal oil barrel and drew a glass of the fluid. The customer unsuspectingly drank off the portion hurriedly without realizing what he was doing until he had swallowed the last drop. The bartender endeavored to make an explanation, but the customer became irate, and left the place saying he would institute suit for \$10,000 against the proprietor of the place.

Registration.

The registrars of the city will sit at their respective ward voting places on Monday next, the 10th inst., to register such qualified voters as may present themselves for registration.

Muster Roll Wanted.

Capt. R. H. Atkinson, formerly commander of the Alexandria Light Infantry, has received a letter from Governor Montague requesting the captain to furnish him with a list of members of his company who served during the Spanish war and were camped at Camp Alger, together with their addresses. The reason for the request is not set forth in the letter. The list will be opened at Mr. B. B. Smith's store on King street where all the members can sign their names.

Dangerous Diversions.

Complaint is again made of the dangerous acts of small boys on Union and Wilkes streets in jumping on and off moving trains. Considerable shifting is carried on on those streets in the evenings, generally after school hours, and numbers of youngsters resort to the neighborhood for the purpose of riding in and out of the tunnel. They hang on the trucks and on the sides of cars and tempt Providence in various ways.

Narrow Escape.

Mr. Samuel Shepherd had a narrow escape from drowning last Friday evening. He was in a sailboat near the entrance to Potomac creek when a flaw of wind upset the boat. Mr. Shepherd clung to the halyards and with considerable difficulty kept his head above water until rescued. He is engaged in fishing in that vicinity.

Heavy Fine.

Richard C. Burnett was arrested today and was this evening tried by Justice Caton in the police court on the charge of selling liquor without a license and on Sunday. He was adjudged guilty and fined \$200. His attorney, L. H. Machen, filed an appeal.

A night or two ago a fire was discovered under the tugboat Juno, which is on the ways at the shipyard. A pile of shavings was burning fiercely when the fire was discovered and extinguished. It is thought the shavings were set on fire by some mischievous person.

Artillery Visits Norfolk.

A national salute of 21 guns fired by a detachment of Battery B, Norfolk Light Artillery Blues, announced the arrival in Norfolk this morning of the Ancient and Honorable Artillery, of Boston, Mass., one of the most famous military organizations of the United States and perhaps of the world. They were met by Mayor Riddick and the Seventy-first Virginia Infantry. The occasion for the visit to Norfolk of this celebrated company of citizen soldiers is the observance of its two hundred and sixty-seventh fall field day, which, in accordance with time honored custom, the artillery always commemorates with a trip to some of the more important cities of the country. The arrangements include a street parade, receptions, tours to places of interest, an old-fashioned Virginia oyster roast on the ocean side at Cape Henry, parades and a grand banquet. The latter function, which will take place at the Monticello Hotel, is to be given by the Ancient and Honorable Artillery and prominent citizens of Norfolk. The company was on the Norfolk steamer which passed Alexandria shortly after 7 o'clock last night.

Gorman Has Hopes.

Before leaving New York on Saturday for Laurel Station Gorman said: "Election forecasts dealing with figures would at this stage of the campaign, be of little value. Voters are changing their minds as the facts are being made clear to them. For that reason it is useless to go into figures. But the general drift, as indicated by reports received from different parts of the country, point to democratic victory."

"There is no friction in the campaign management. There is harmony all around. The work is being done effectively and thoroughly, and the results will show in the returns. I cannot go into a discussion of conditions in various states, but I will say that democrats everywhere are becoming united as they have not been before in many years. Nowhere is there any serious split in the party."

Asked of the finances of the campaign, Senator Gorman said: "I am not a member of the committee and cannot speak with authority, but I may say that the committee will not have the vast sums to spend that have been mentioned in some of the newspapers. Of course, it requires much money to conduct a campaign in all of the States of the Union, but the expense

FOREIGN NEWS.

A fight has occurred between a strong Macedonian force and a Bulgarian band near Ellassona, Macedonia. The Macedonian losses were fifteen wounded, while the Bulgarians lost 18 killed and taken prisoner.

The strike of the naval reserves at Marseilles, France, has been resumed. The men refused to comply with the terms of arbitration to which they had pledged themselves. The authorities say they see no solution of the present situation.

Prince Mirsky, the new Minister of the Interior, continues to manifest a lenient attitude toward the Jews. He has promised the Jewish journal Sunrise, which was suppressed by the late M. Pichve, that it will be permitted to resume publication shortly.

The express train which left Llanelly, Wales, for London this afternoon, had a serious mishap near Longport. It is reported that fifteen persons were killed and several injured. The evening Star reports that three persons were killed and fifty six injured in the wreck. The train was derailed, while travelling at a great speed. Several doctors have been summoned to the scene. The train was an unusually long one being pulled by two engines. The engineer and fireman of the first engine were among those killed. A number of persons are said to be still in the wreck. The total killed has not yet been ascertained. Several of the cars fell into an adjoining field.

Better Than Pills.

The question has been asked—In what way are Chamberlain's Stomach and Liver Tablets superior to the ordinary cathartic and liver pills? Our answer is—They are easier and more pleasant to take and their effect is so gentle and so agreeable that one hardly realizes that it is produced by a medicine. Then they not only move the bowels but improve the appetite and aid the digestion. For sale at 25 cents per bottle by Gibson & Timberman and W. F. Creighton & Co.

Confession of a Priest.

Rev. Jno. S. Cox, of Wake, Ark., writes: "For 12 years I suffered from Yellow Jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began to use Electric Bitters and feel that I am now cured of a disease that had me in its grasp for twelve years." If you want a relief medicine for Liver and Kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by E. S. Leadbeater & Sons. Only 50c.

Beware.
